

Powered by **SOCCER.COM** SINCE 1984

**What is Passback:** *Passback* collects and redistributes soccer equipment to children in underserved communities where children love the sport but don't have the resources to play. People who love soccer are able to recycle their gear and enrich the lives of children.

**How many children receive donations:** Passback has collected and redistributed over one million pieces of gently-used and new equipment since its inception in 2002

**How we can help:** Le Jardin Soccer Academy will be collecting used cleats through December to donate to the Passback Program.

**What:** Cleat Drive (gently used!)

**When:** November 10 - December 14

**Where:** Donate your cleats in the large trash cans in the lower school lobby or by the Soccer Academy office near the gravel parking lot
