The Head of School shall make the final selections.

Anyone currently involved with the school - students, candidates and peers - may submit nominations via Google Form.

If a relative of a Selection Committee member is nominated for an award, the committee member will not participate in the selection for that award. Selection Committee members shall not be eligible for an award.

The awards will be announced at an all-school assembly in April and special recognition of the awardees will take place at an annual school event (prior to the end of the school year).
